## Training and Workforce Planning

Describe the arrangements in place during the last financial year for identifying, planning and meeting the training needs of staff employed by the service provider	All staff complete their eLearning modules before starting employment with us, so that they understand their role and what is expected from them. They are paid a fixed sum for each module they complete. Within their 6 months probationary period, staff are required to attend face to face training in addition, depending on their role. If during any supervision or as a result of safeguarding issue etc a training need is identified, this is built into the individual staff member's training plan.
Describe the arrangements in place during the last financial year for the recruitment and retention of staff employed by the service provider	A Group recruitment team supports the home in developing a quality hiring process in accordance with regulations. This has reduced time / cost to hire and reduced agency spend. Expanded advertising methods include local poster campaigns, on-site recruitment days, and a new in-house employee referral scheme to incentivise staff to refer friends and contacts. Overseas recruitment is a vital part of our staffing strategy. Local housing shortages mean that we also assist in finding accommodation.

<p>The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.</p>	<p>Neither the residents (nor their representatives) responded to the March feedback questionnaires. Our policies and procedures around choice, engagement and care planning are regularly reviewed and updated.</p>
<p>The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.</p>	<p>The RI's findings in the Regulation 73 visits, Regulation 80 reports, other internal monitoring, and feedback from commissioners suggest that the residents feel that the home was the best home for them, in terms of supporting their needs. Our policies and procedures around health and wellbeing are regularly reviewed and updated.</p>

Our policies and procedures around safeguarding are regularly reviewed and updated, including in relation to safe and effective recruitment, training, supervision and staff competence and discipline.</p>
<p>The extent to which people live in accommodation that best supports their wellbeing and achievement of their personal outcomes.</p>	<p>The RI's findings in the Regulation 73 visits, Regulation 80 reports, other internal monitoring, and feedback from commissioners suggest that the residents feel that the home's environment, facilities, food and activities were appropriate, and that they have the opportunity to engage in enjoyable activities regularly. We engage regularly and transparently with commissioners to ensure that our service meets the needs of current and future residents.
