#### Statement of Compliance

The Responsible Individual must prepare the statement of compliance.

CIW have published <u>guidance</u> on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.	Phoenix House carries out 3 monthly key worker reviews which i nvolves discussing care and support with individuals, 6 monthly quality questionnaires are conducted which gives the individual s and their family's a chance for their voices to be heard. Perso n Centred annual reviews in addition to the usual review conce ntrates mainly on the well being of the individual and how we ca n assist them to have a better quality of life.
The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.	Personal plans at Phoenix house are outcome focussed and re ad in a way that identifies the individuals strengths and what th ey are able to do independently. Any areas that individuals nee d a assistance with are detailed in an "Action" section so we are not concentrating on the individuals weaknesses. As mentioned above, the person centred reviews help to gauge the extent to which the individual is happy and supports to maintain their ong oing health, development and overall well being.
The extent to which people feel safe and protected from abuse and neglect.	Phoenix House has a rigorous recruitment policy which ensures staff employed are suitable to work with vulnerable adults. The staff are trained in whistle blowing and vulnerable adults trainin g. During staff meeting and supervision. Whistle blowing is disc ussed and all staff understand their responsibility in this area. On my 2 monthly regulation 72 visit, I spend time with the reside nts and assess how comfortable safe and secure they feel. In a ddition the manager carries out 2 monthly resident meeting and one of the set questions is how safe and comfortable the individ ual feels. All bedrooms at Phoenix house have been refitted wit h new yale locks to ensure safety and privacy are maintained. I ndividuals are assessed on admission and if able to manage ar e issued with a room key. The care that the individual receive o n a daily basis is additionally documented on an allocation shee t which helps the care workers to ensure all required assistance has been completed.
The extent to which people live in accommodation that best supports their wellbeing and achievement of their personal outcomes.	Phoenix House prides its self on offering a high quality, professi onal Dementia care service. We aim to create a warm, friendly, happy and homely environment where individuality and diversit y is celebrated and emphasised and where our residents choic es and belief's are respected.
