Statement of Compliance

The Responsible Individual must prepare the statement of compliance.

CIW have published <u>guidance</u> on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

have choice about their care and support, and opportunities are made available to them.	ng that all our service users are at the centre of their care pack age. We ensure that we gain and record a full live capture of e ach individual's needs, wishes along with a detailed support pla n. Once the care plan is devised, we ensure that the service us ers are made aware that any details or wishes that have chang ed can be amended as and when required. Care packages and support plans undergo a review every 3 m onths. We complete our Voice Of the Customer Quality feedback k calls/ visits quarterly, The Voice of the Customer is a process to receive feedback from the service user about their experience e of the service they receive and the extent to which their desir ed outcomes are met. Service users are asked their thoughts a nd feelings around Feeling safe, supported, connected and fee ling in control of their care. Service users are also aware that we have an open door policy and are always on the end of the phone should they wish to ma ke any adaptations to their personal support plan. Field Care Supervisor's work very closely with all our service us ers and families, to ensure that the care that is being received s of a high standard and that all requirements are being met. A though we aim to keep complaints to a bare minimum we under stand that at times they may occur. We take every complaint se riously and aim to act on and resolve any complaints in a timely manner. All service users are made aware of the complaints po icy and how to make a complaint. Service users families that the y have an active input into their loved ones care and support p ans and be able to have peace of mind and an insight into wha tasks are being supported within service users visits. With serv ce users permission families are able to access an online porta where they can witness a live snap shot of individual visits. The option to gain such fantastic technology is offered at the point of f completing the care and support plan and again at the service users 7 day review
The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.	We understand the importance of maintaining positive professional relationships with service users and monitoring their ongoing care needs and overall well being, to do this we use our feet back from the Annual Quality Audits, Voice of the Customer (QA) RI Regulation 73 visits and our daily communications with our r Field Care Supervisors, carers and service users. Feedback rom carers via supervision, team meetings, field observations and appraisals has allowed us to maintain continued support with hour service user and better understand their ongoing health and wellbeing needs. We communicate well will the local authority and other health p ofessionals via email and telephone. These are usually re-active e conversations where action is going to be taken, this is fed b ck to the service user so they are always aware of the help the are going to be receiving. From our last Quarter of Voice of the Customer Feedback, we an see that service users felt that they were supported in main aining their personal appearance/hygiene, supported with choi e in regards to meals and drinks. The staff treat them will dignit y and respect and are willing to listen and encourage them in expressing their choices. In regards to medication administra on feel that staff support them to help and maintain their health and well-being. Some feedback from recent Quality Assurance and RI Regulati on 73 visit carried out: Service User1– The care workers have urned my life around for the better, I am very grateful for her. Service User 2- I have a great relationship with all of the care workers have urned my life around for the better, I am very grateful for her. Service User 3 – High standard of Care. Service user 4 - All ca ers that come to see me give me excellent support

The extent to which people feel safe and protected from abuse and neglect.	We understand the importance of people feeling safe and protected from abuse and neglect, We promote Safeguarding in everyday practice through: Relationship-based support and partnership working-building trust/enabling individuals to talk about concerns, we participate n investigations/strategy meetings/share best practices and co
	ncerns/work with statutory services Person-Centred Care plans risk assessments are created to re lect individual outcomes, indicate vulnerabilities/risks specific to individuals, ensuring steps are taken to prevent/reduce the like
	ihood of abuse/harm/self-neglect, Individual Medication risk ass essments.
	Training: Safeguarding training is provided for all operation and care workers yearly; the topic of safeguarding may also be discussed during themed office-based supervisions or impact and o
	onsequence training. Continuity of carers: wherever possible we use small teams to a n area, this is to build relationships and trust Training - we ensu re all carers are fully trained and know the signs to look out for
	and procedures to follow to not influence clients Business Continuity: prioritises individuals according to their level of vulnerability
	On-call: is operated outside office hours, Carers and Service u sers have access to the out-of-hours line to notify us of any pro- blems or concerns that may arise.
	Quality Board: the quality board undertake periodic reviews of s afeguarding, setting priorities for improvement in practice. Whe
	re we have learnt from serious incidents and built a best practic e learning from them for all staff to access and learn.
	Capturing safeguarding- the policies in place support us to ider tify and capture possible safeguarding quickly so they can be d ealt with in a timely manner. Our Policies support safe practice,
	including whistleblowing/disciplinary/safer recruitment/H&S. Saf eguarding is given a high profile internally through training/new sletters/supervision/staff handbooks/group meetings and safeg
	uarding leads. Recording and reporting suspicions/allegations/ observations/disclosures of abuse to the local safeguarding tea
	m and CIW in a timely manner, We Appoint designated officers to oversee the investigation. Add the incident onto ACP, which alerts senior management that a protection incident has been r
	eported and is under investigation. Escalating any possible saf eguarding by Taking immediate action to protect/support the in dividual. Co-operate with the ongoing processes, taking our lea d from the LA/Police.
