Describe the arrangements in place during the last financial year for identifying, planning and meeting the training needs of staff employed by the service provider	All staff complete their eLearning modules before starting employ ment with us, so that they understand their role and what is expec ted from them. They are paid a fixed sum for each module they co mplete. Within their 6 months probationary period, staff are requir ed to attend face to face training in addition, depending on their r ole. Expanded adverti sing methods include local poster campaigns, on-site recruitment days, and a new in-house employee referral scheme to incentivis e staff to refer friends and contacts. The Responsible Individual must prepare the statement of compliance.

CIW have published <u>guidance</u> on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.	Most of the residents (or their representatives) who responded to the March feedback questionnaires felt they were able to ma ke choices and have a say in their day-to-day life at the home. However, only a small number of responses were received. The Regulation 73 visits, Regulation 80 reports and other internal m onitoring suggest that there is a good level of engagement and choice. Our policies and procedures around choice, engageme nt and care planning are regularly reviewed and updated.
The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.	All residents (or their representatives) who responded to the M arch feedback questionnaires felt that the home was the best h ome for them, in terms of supporting their needs. This matches the RI's findings in the Regulation 73 visits, Regulation 80 reports and other internal monitoring. Our policies and procedures a round health and wellbeing are regularly reviewed and updated. The home's Facebook page and newsletter evidences the residents' happiness and the support they receive.
The extent to which people feel safe and protected from abuse and neglect.	All residents (or their representatives) who responded to the M arch feedback questionnaires: - felt they were safe. well looked-after and protected from abus e and neglect, and - said they were happy and felt supported to maintain their heal th and wellbeing. This matches the RI's findings from the Regulation 73 visits, the Regulation 80 reports and other internal monitoring. Our policie s and procedures around safeguarding are regularly reviewed and updated, including in relation to safe and effective recruitm ent, training, supervision and staff competence and discipline.
The extent to which people live in accommodation that best supports their wellbeing and achievement of their personal outcomes.	All residents (or their representatives) who responded to the M arch feedback questionnaires: - felt that the home's environment, facilities, food and activities were appropriate, and - said they had the opportunity to engage in enjoyable activities regularly. This matches the RI's findings from the Regulation 73 visits, the Regulation 80 reports and other internal monitoring. We engag e regularly and transparently with commissioners to ensure that our service meets the needs of current and future residents. Th e home's Facebook and newsletter also demonstrates the quali ty of support provided.
